When Sarah Harmer burst onto the international music scene with her acclaimed album *You Were Here*, *Time Magazine* hailed her as “The year’s best debut”. Now, in her latest CD, the Rounder Records vocal artist showcases a bit of her folk and country sides in *oh little fire*, her first new album in four years. These just may be the strongest batch of songs Sarah Harmer has ever released. Co-produced by Sarah and Gavin Brown (*Metric*, Sarah’s *All of Our Names*), *oh little fire* is full of the same hooky melodies, insightful lyrics, and lovely, plaintive singing which attracted so many fans to her music from the start of her career.
